S. W. Bartram has sold to Rach Blankenship the home which he bought three weeks ago from G. J. Carter at Yatesville. Mr. Blankenship will move to the farm and Mr. Carter will continue the Louisa residence of Mr. Blankenship. E. E. Shannon has sold a house and lot on Lock avenue to John M. Moore. This property adjoins Henry Preston. Mr. Moore will move into it soon.

They had lost their way in their new and expensive car.

"There's a sign, dear," she said to her husband, who got out of the car and flashed his flashlight on the board.

"Are we on the right road?" she asked.

He read: "To the Poorhouse."

"Yes," he answered. "We're on the right road and we didn't know it."

PREPARE A PLACE.

Representative Tom Heflin, of Alabama, tells this story.

"An old colored person, disgusted with his clerical duties in a poor parish down in my state, addressed the members of his floor one Sunday morning as follows:

"'Breddern an' sistren, Ah'm gwine to quit preachin' to you all Ah'm gwine leave, kase you doan lub me—you ain't paid me no salary sense a year ago las' July. An' Ah'm gwine quit you kase you doan lub one anuthah; dey ain't been no marriage monst you foh nigh onto two years. Ah'm gwine to leave you to be chaplain of de State prison camp and mah ex' dis mawnin' is."

**HOME DEMONSTRATION
CLUB AT GALLUP**

Saturday, March 17, the girls of Chapman and Gallup met together and organized their club. The meeting was held at Mrs. John McClure's home, with several other ladies and children present.

After a greeting from Miss Davis, agent, the meeting was called to order by the president, Mary Ethel McClure. The roll call was then read by the secretary, Willie Belle Fugitt, all members being present except two, one of these having moved away.

Seven out of the eleven old members joined again, one having moved away one being too old, losing only two members.

With six new members, we have a total of 13 members for this season's work.

Election of officers was held, the results being re-elected, Mary Ethel McClure, President; Sallie Shivel, Vice President and Willie Belle Fugitt, Sec. Seeds and first instructions for beginning work were then given the girls, by Miss Davis, also record books to be kept by the girls, giving them, in a way, a course in bookkeeping, this being one part of Home Demonstration to learn not only making a dollar, but to use it to its best advantage, also to realize that products consumed at home are dollars and cents. The girls, as well as most farmers, do not figure that things used on the home table cost just as much, and cost worth more, than the things sold.

One thing that makes this club take on such a business like spirit, the parents are interested and enough so that they are always giving their cooperation.

Mr. and Mrs. John McClure have never refused the club the use of their home as a meeting place, and not only given them a place to meet, but have worked for the success of the club in every way. Mrs. Tom McClure has also been of great assistance with her ever willingness to come and help. Mr. Fugitt and others, too numerous to mention have helped to establish this well founded club of girls, who are to help make a record for Lawrence County Home Demonstration work. Other clubs throughout the county are yet to be heard from, and they will not fall short of their part of this record to be made.

After naming the date of the next club meeting, which is to be "Prevention of the Fly" the club was dismissed by its motto, "To make the Best Better."

WILEY'S FIVE REASONS FOR FAVORING MOUNTAIN ROUTE

Rodman Wiley's reasons for favoring the mountain route thru Carter and Rowan counties for the Midland Trail are said to be: It is the logical route, made so by nature; it is the route chosen by the pioneers in blazing their way westward; it is the route selected and logged by the pathfinders of the great Midland Trail Association, an organization reaches from ocean to ocean; it is the route better suited to serve the greatest number of people; and last but not least, the people in these counties need the road.

C. & O. ENGINEER INJURED

Edward Strack, C. & O. engineer, whose home is in Huntington, was badly scalded at an early hour Monday, when the Mallet engine in which he was riding turned over a steep bank near Middletown, Va., on the Guyan division. The fireman named Cook suffered a crushed leg and two boys who were riding on the train were slightly injured. The accident was due to the recent rains undermining the track.

MAKES A HAT AND A HIT

Mrs. John Phillips, of Portsmouth, who is a sister of Mrs. A. P. Haught, of Grayson, and who is an artist and designer of considerable ability, made a "vegetarian hat" one day last week which was taken by Mr. Phillips to a cigar store where he is employed and was put on display in a window. Near it was a card saying the price had been \$250, but was reduced to \$150. The new "creation" attracted much attention. The Portsmouth Times described it as an "up-to-the-minute" spring chapeau, the crown of which is upholstered with cream white cabbage leaves. On one side is a string of aristocratic spud heads, said to be worth fabulous sums, while on the other side dainty wavy green odoriferous cabochons curl aristocratically over the crown. The chapeau proper is of delicate rose pink straw.

The bride is a daughter of Henry Isaac and a sister of Mrs. D. J. C. Bussey. She is a highly respected young lady, and will make a helpful wife. DR. H. W. FULKERSON RELIEVED BY DEATH

LONG AND HOPELESS ILLNESS
COMES TO A PEACEFUL
END.

On last Friday a message was received from Louisville by Mrs. M. Fulkerson, of this city, bringing the news of the death of his brother, Dr. Heman W. Fulkerson. Although aware of his critical illness and that no hope was held by his physicians for his recovery the sad truth came as quite a shock to the only remaining member of the Fulkerson family from which have passed away in only a few years the father, mother and two brothers. His body arrived here on Saturday evening accompanied by the grief stricken wife, and Sunday at one o'clock the funeral was held from the home of Mr. and Mrs. Wm. M. Fulkerson in lower Louisa. The funeral was conducted in a very impressive manner, by the Rev. H. B. Huette of the M.E. Church, South of which Sunday school Heman Fulkerson was a faithful member until ill health prevented his attending. The large gathering of his friends at the funeral testified to the high esteem in which the young man was held. Burial took place in Fulkerson cemetery where only a few months ago the body of his mother, Mrs. Julia Fulkerson, was laid to rest.

Dr. Fulkerson was graduated at the age of twenty-three years from a medical school and had practiced in Oklahoma and Kentucky. In 1913 he was married to Miss Marie Wilhoit, of Grayson. He located at Normal, Ky., and it was there his health began to fail and they moved to the home of his mother at Louisa. He was given the best of medical attendance and several specialists were consulted. The following was read at the funeral:

Dr. Heman Walbridge Fulkerson was born May 24, 1884 and was the youngest son of Wm. M. and Julia Fulkerson. He received his education from the Louisa Public School, Georgetown College and Kentucky School of Medicine where he was graduated in 1907. On Dec. 24, 1913 he married Marie daughter of Col. E. B. Wilhoit, of Grayson, Ky. Some two years ago he was stricken with paresis and the best medical authorities of Louisa, Huntington, Ashland, Cincinnati and Louisville were secured and every thing was done to give relief to his suffering and affliction, but his case was hopeless and death relieved his long suffering on Friday morning, March 23rd, at Central State Hospital.

He is survived by his wife and little son and by one brother, Wm. M. Fulkerson. His father, mother, and two brothers preceded him to the great beyond.

Much sympathy goes out to the devoted wife and little son, Heman, Jr., and only brother Wm. M. Fulkerson.

Good Roads Meeting Tuesday

Don't forget or neglect the good roads meeting at the court house in Louisa next Tuesday first day of Fiscal Court. The State department will be strongly represented and there should be something accomplished that will be of real benefit to this most important of all business propositions.

Come and bring your neighbors with you.

THE GOOD ROADS MEETING

Buchanan.—I want to keep the road question before the people. I hope there will be a large attendance at the Good Roads meeting at Louisa April 3rd. If my plan of forming the county and voters precincts into road associations should meet the approval of the people it would require very little time to organize it might be done in the following order:

First election of a temporary chairman and secretary.

Second election of a county president.

Third, nomination of a county secretary, who may act as treasurer.

Fourth: A man from each voting precinct who will act as solicitor, secretary and treasurer.

Fifth: A man for each voting precinct who will act as road foreman.

The election of these officers should be made with care. The object should be to get men who are competent and willing to sacrifice their time to help benefit our public roads. A vigorous and self sacrificing, competent man, with plenty of road sense in need for county president, one who will take interest in the work, and see that all vacancies among the precinct officers are filled, and the work carried on in the best possible manner.
